

STRUCTURED ABSTRACT RUBRICS:

Interdisciplinary synergy	How different disciplines contribute to enhancing the understanding of the research field has been clearly articulated. The synergistic effect of multiple disciplines has been demonstrated.	30%
Innovativeness	An innovative perspective to enhance the understanding of the research field has been proposed AND/OR An innovative method to answer the research objective(s) / question(s) has been proposed	30%
Feasibility	The proposed project is feasible within a reasonable amount of time, manpower and financial resources.	10%
Organization & clarity	The objective, methods and strengths and limitations of the proposed project are well-articulated. The proposal is well-organized and readable.	30%
Total		100%

FULL PROPOSAL & PRESENTATION RUBRICS:

<p>Articulation of interdisciplinarity</p>	<p>How different disciplines contribute to enhancing the understanding of the research field has been clearly articulated. The synergistic effect of multiple disciplines has been demonstrated.</p>	<p>25%</p>
<p>Articulation of the innovativeness of the project</p>	<p>An innovative perspective to enhance the understanding of the research field has been articulated AND/OR An innovative method to answer the research objective(s) / question(s) has been articulated.</p>	<p>25%</p>
<p>Articulation of the project's strengths and limitations</p>	<p>The unique strengths of the proposed project have been articulated and summarized. The limitations of the proposed project have been identified and explained.</p>	<p>25%</p>
<p>Organization, clarity, and creativity of presentation</p>	<p>The presentation is well-organized. The presentation is engaging to the audience. The proposed project has been articulated in an creative manner</p>	<p>25%</p>
<p>Total</p>		<p>100%</p>
