

# Mrs. Dorothy Koo and Dr. Ti Hua Koo Centre for Interdisciplinary Evidence-Based Practice and Research

*2025-2026 Lunchtime Seminar Series*

**Beyond implementing evidence-based practice: Enhancing family resilience  
in cancer care settings**

**29/4/2026 | 12:30 - 14:00 (Hybrid Mode)**

 Zoom Meeting ID: 975 4583 1321 (Passcode: 123456)

 Room 105, Academic Main Building, HKSYU, 10 Wai Tsui Crescent, Braemar Hill,  
Hong Kong

This presentation begins with the way practitioners may relate to their clients during different stages in the cancer journey, discusses how various types of interventions can address their need for family resilience, and examines the critical role of a practitioner's values and conscience in therapeutic efficacy. Topics related to existential crisis, the importance of trauma work, action-oriented approaches, and meaning-centered interventions, and the benefits of engaging in values-based dialogue and fostering creativity will be covered.

## **Speaker: Dr. Tommy K. LIANG**

Dr. Tommy K. Liang, PsyD, a clinical traumatologist, registered EMDR therapist, and registered social worker, has been aiding individuals, couples, and families since 1997, focusing on adverse life experiences. He is a Fellow of Association of Death Education and Counseling, USA. He is a trained Gottman Method practitioner and holds a doctorate in Pastoral Logotherapy. His qualifications include postgraduate degrees in Psychology, Counseling, and Theology, along with a Professional Certificate in Satir Systemic Family Therapy. He co-founded Family University (2000-2004) and served as honorary director of the Family Research and Training Institute in India (2009-2014). Liang has been involved in psychosocial oncology since 2015, progressing to Service Manager. His research and presentations on male depression, couples work, and trauma-informed treatment reflect his commitment to ethical, evidence-informed practice.
